SUBJECT

:

1977 ODP Conference

Bill:

We want to thank you for participating in our Office-wide Conference. We feel we had a successful Conference, primarily because of the willingness of other Agency people, like yourself, to share their experiences and ideas with us.

We have had many favorable comments about the FRS Users Panel and the critiques indicate this panel was one of the best received presentations of our Conference.

Your open and candid remarks will help ODP provide more useful support to the end users. Thanks again, Bill.
